Section 4.1: Proposal Assessment Process

- A.** Once the proposal reaches the Trust office; you will receive a letter of acknowledgement saying that we have received your proposal.
- B.** The Trust Staff will check your proposal carefully to ensure it meets the mandatory criteria as stated in section 3.2 on before proceeding and to ensure completeness of application. In the initial review the following items are confirmed;
 - 1. Did you include all the needed papers/information
 - 2. Have you answered all the questions on the application form?
 - 3. Does the proposal meet the criteria of the Trust Agreement?
 - 4. If you successfully applied previously, the previous project will be reviewed to ensure successful completion and reporting.

If the proposal does not pass our review it will be returned so you can provide missing material or revise it. You may decide to submit it again. We will provide you an explanation on what further information is required to be considered for further review. All proposals that pass “Step B” will then be reviewed by the Community Fund Trustees according to the following criteria:

- 1. Specific: The application clearly states the features and benefits relating to one or more authorized uses of the Trust.
 - 2. Measurable: Is the success of this project or program clearly measurable?
 - 3. Attainable: Does the application represent a realistic or attainable project based on the use of funds?
 - 4. Immediacy and length of benefit
 - 5. How many members will this program or project benefit?
- C.** After the application is approved by the Community Fund Trustees, the Trust staff will work with the applicant to finalize budgets and program needs. The final step is the signing of the Contribution Agreement between you and the Trust. This Contribution Agreement will include any conditions which must be complied with for the funding and outline the project objectives.

Section 4.2: Obligations and Monitoring of Funded Projects

At the discretion of the Community Fund Trustees, all business applications or recurring funding requests may require a police check, credit bureau, drug test and personal character reference for all individuals identified on the application.

Project Monitoring and Evaluation

As part of the terms and conditions of your application approval, you must submit a Project activity and financial report upon the completion of your project. It is felt that both the project and the Trust will benefit when project monitoring and evaluation are in place. As a funding body, the Peguis Community Fund Trust is accountable to the Community and to Peguis First Nation Chief and Council. The Trust therefore requires a Project Completion Report that evaluates funded projects. Each project funded by the Trust must meet the objectives identified in the application or proposal as approved or intended.
